COLONEL MILLER AND THE SEVENTH REGIMENT

Owing to injuries received in the service (affecting the small of the back and the kidneys) Col. Miller is unable to ride on horseback, and cannot, therefore, accompany the Seventh Regiment into active service. He has determined to resign, so soon as the necessary certificate of the settlement of his ordnance account can be received from the Department at Washington.—*Press.*

FROM WASHINGTON.

Washington, September 29.
[Correspondence of the Post.]—The reverse in northern Georgia compels the government to raise more troops. The present draft will not give the government more than 75,000 men. It is said in some quarters that it is too high an estimate by 25,000. Another draft will undoubtedly take place very soon, except in those States which prefer to raise the full quota by volunteering. Nearly all the Western States will raise their quota by volunteering, as the government after a bounty of \$300.

The next draft will probably be for 600,000 men, and the expectation of the government under the new instructions, is to obtain one third of the men drawn as soldiers.

The two drafts and the volunteering it is estimated will give about 300,000 by the first of next January.

A committee from the Missouri and Kansas delegation called on the President this morning. He agrees to receive the entire delegation at 10 o'clock tomorrow morning. It is believed here that the administration will change its policy in Missouri.

Unfavorable rumors respecting Burnside's situation were afloat last night; none of which are true.

There is no unfavorable news, from any quarter. The cabinet had a meeting today.

FROM WASHINGTON.

CONSOLIDATION—CONDUCT OF McCook AND Crittenen TO BE INVESTIGATED—DESERTIONS DIMINISHING—GENERAL SCHENCK REMOVED—NO DANGER OF A MOVEMENT—MEADE'S ARMY LARGER THAN LEE'S.

Washington, Sept. 30.

[Times Special]—The 20th and 21st army corps have been consolidated, and will be called the 4th army corps. They are to be commanded by Major General Gordon.

The War Department has ordered a Court of Inquiry to investigate the conduct of Generals McCook and Crittenen in the late battles near Chattanooga. The enforcement of the death penalty is rapidly decreasing the number of desertions.—Conscripts and substitutes are arriving in considerable numbers, and also deserters who are forwarded to their regiments for trial, and punishment.

No movements reported in the front to-day.

Washington, Sept. 29.

It is stated that Gen. Schenck has been removed from the command of the military department comprising the city of Baltimore and part of Maryland. It is said General Tyler is to take command of the department.

[Special to the World]—No fears need be entertained that the Army of the Potomac is weaker than the force in front. From latest advices it appears it largely outnumbers the enemy's army, placing infantry against the rebel line of all arms, while we have a very large force of cavalry beset, daily hanging over the enemy and making any movement on his part difficult.

INACTION AT CHARLESTON

MORRIS ISLAND, S. C., Sept. 19, 1863.—Nothing has transpired worthy of note since the date of my last letter. In fact, it is not very evident that anything will occur for some weeks to come. The navy does not manifest the first sign of activity. The army is ready to put in a blow when the proper time arrives.

It seems as though another attack by the navy on any of the rebel works was not to be dreamed of for a moment. Consequently the enemy is strengthening his works with the utmost vigor and it would not be a surprising event if the harbor of Charleston was nearly if not completely secured against any effort the iron-clads may make to force an entrance.

It was thought the other day that it was not impossible to remove the obstructions in the channel if the work was prosecuted with determination. It was even planned to commence operations in that quarter on a specified night. But for some reason the matter has been allowed to dwindle into vain speculation, and instead of witnessing an attempt to break through the chains, we have been entertained with accounts of what might have been done under certain and peculiar circumstances. The September gales are upon us, and, of course, the vessels cannot be managed in a rough sea. But two nights ago we were visited with a fearful storm, which threatened to drive all the vessels on the beach and sweep the tents from off the Island.

An attack on our forces at Folly Island was not unlooked for a few nights ago. Regiments were called out, batteries placed in position, and every preparation made to give the rebels a warm reception. After all this trouble, however, the rebels were mean enough to stay away.

All the rebel prisoners captured during the late skirmishes and engagements have been sent from the island. Some are at Hilton Head, others have been sent North. It is reported that the enemy has removed a large number of his prisoners from Richmond to Charleston, to prevent Gen. Gilmore from shelling the latter city.—*Cor. N. Y. Times.*

AN ENGAGEMENT WITH MOSEBY'S GUERRILLAS.

New York, Sept. 30.—A letter from Harper's Ferry of the 28th to the Baltimore American says Major Cole came up with Moseby and about 15 of his command near Upperville, last Friday, drawn up in line of battle awaiting his arrival. After some slight skirmishing Maj. Cole charged the gang, when they scattered and fled in dismay. One of them bit the dust and was made prisoner. The Major also recovered some equipment of the 19th N. Y. cavalry, whom he had picked up in his raid.

DRUNKEN RAILROAD ACCIDENT.

Chicago, Sept. 21.—At half-past six last night a special train consisting of a locomotive and 20 coaches left Kalamazoo bound west. While coming down the four mile grade between Matamata and Lawton, some drunken rawhides near the end of the train cut the bell rope, pulled out a link between the cars, thus dividing the train. Being upon the

down grade the engineer did not discover the loss of a portion of the train until they reached Lawton.

Within two minutes afterwards the rear portion of the train was seen coming on down the grade. The engineer immediately put on steam to get out of the way, but with such force that the coupling broke between the engine and cars, and a collision ensued. Two persons were killed outright, and twenty-two wounded, so seriously that recovery is impossible.

LATE NEWS ITEMS.

—There is now about eight thousand men in the hospitals in and around Washington.

—The sailors attached to Admiral Farragut's squadron, which captured New Orleans are, it is expected, soon to receive half a million dollars, their share of the value of the rebel vessels seized on the Mississippi.

—John Mitchell's youngest son William fell mortally wounded on the battlefield of Gettysburg, shot through the lower part of the abdomen. He was in the color guard of the 1st Virginia (rebel) regiment, and fell near the breastworks held by the Third corps in the last desperate charge which Longstreet's troops made upon the position.

—A letter from Trenton, Georgia, says: "This place, the county seat of Dade county, is an insignificant town of perhaps fifteen houses. It presents now an appearance of almost complete desolation. The tavern of the village is a specimen. The landlady, with bare feet, came to the door, and, with true southern accent and pronunciation, told us they had nothing to eat. I believed her. Keeping tavern and nothing to eat!"

—A Richmond paper says: A letter from the Army of Northern Virginia says ex-Brigadier-General Pryor and all the members of his staff are now in the ranks of the Third Virginia Cavalry of Fitz Lee's Brigade. Says the senior General Pryor was put on parole days, not long since, for missing "roll call." Lieutenant-Colonel —, of a Virginia regiment, is also a private in the Third Virginia. This war has conclusively shown that distinguished politicians do not always make successful warriors.

—A stranger, said to be from California, who arrived at Newton, near Boston, on business, recently had occasion to hire a horse and carriage to take him to a neighboring village. His driver happened to be a fine specimen of a soldier, who was terribly wounded at Gettysburg, and is now only able to do such light work as offers itself in the neighborhood. On the ride the passenger entered into conversation with the soldier, asking him all about his wounds and his campaigns, his present occupation and situation in life, and when they separated handed to him a five dollar bill, saying that he had made it a custom to give five dollars to every wounded soldier he fell in with, and that he should continue to do it as long as the money held out.

—A gentleman of Chieopee, Mass., has on his farm an apple tree remarkable both for its size and productiveness. Its trunk measures three feet and eleven inches in diameter, and its top spreads over a circle of one hundred and eighty feet in circumference, so that it is doubtless the largest apple tree in the country. Three years ago seventy bushels of apples were gathered from it. It will turn off several barrels of fruit this year.

—A workman on a staging in Paris sneezed. The sneeze made him drop a stone, the stone dashed a man's brains out, and the man's falling body dislodged four other workmen who occupied lower stagings. The damage was considerable.

—The Detroit Free Press of the 15th inst., says: "We regret to learn that General Cass is seriously indisposed.—We have not heard from him to-day, but his case is considered very critical, and it is hardly possible for him to survive many days unless he obtains speedy relief."

—The demands against New York city on account of damages to property sustained during the riot on the 13th and 14th of July now amount to about \$2,000,000.

—Gen. Sanborn has been ordered since his promotion to assume command of the same brigade that was under him at the siege of Vicksburg.

—The corps of colored troops organized under the auspices of Gen. Banks is fast filling up. Fifteen thousand colored soldiers have already been mustered into the service and recruits are still coming in very rapidly. The maximum strength of the corps is twenty-five thousand.

A VALUABLE PRIZE.

Philadelphia, Sept. 30.—A letter, from the steamer Creole, dated Rio del Norte, 21st inst., says they captured the most valuable prize of the war; a British built steamer, over 300 feet long, evidently fitted out in England for a rebel man of war.

JENNETH KENNEDY, Guardian.

STATE OF MINNESOTA, COUNTY OF CARVER, S. S.

IN PROBATE COURT.

At a session of the Probate Court, held in Chaska, in said county, on the 24th day of June, A. D. 1863, on reading and filing the petition of Jeannette Kennedy, guardian, setting forth facts showing that it is necessary to sell a portion of the real estate of the minor, Leni Leoni Kennedy:

It is ordered that the hearing of said petition of the minor, before the Judge of Probate, in said county, take place on Monday, the 27th day of said month, and that said petitioner give notice to all persons interested, by causing a copy of this order to be published for four successive weeks, in the "Valley Herald," a weekly newspaper published at Chaska, in said county to them and there appear, to show cause why the said guardian should not be licensed to sell the said estate.

Chaska, June 24th, 1863.

FRANK WARNER, Judge of Probate.

COMMISSIONERS' NOTICE.

We, the undersigned, having been appointed by the Hon. Frank Warner, Judge of Probate of Carver County, Minnesota, Commissioners to receive, examine and adjust all claims and demands of persons against the estate of Joseph Peitz, Esq., of Carver County, State of Minnesota, and also all demands exhibited in effect thereto, and six months from the date of this order, being allowed by said court for that purpose.

We do hereby give notice, that we will attend to the business of our appointment at the home of Mrs. Peitz, in Waconia, Carver county, on the first Monday of each month, during the time specified.

All persons having claims against the estate will present them, or be forever barred.

Given under our hands this 20th day of June, A. D. 1863.

WILLIAM HABECK,

HERMAN HERRAU,

FRITZ MOY.

STATE OF MINNESOTA, COUNTY OF CARVER, S. S.

IN PROBATE COURT.

In the matter of the estate of James Robinson, of said County, deceased, inter-

At a Special Term of the Probate Court held in said County of Carver, on the 9th day of June, A. D. 1863, on reading and filing the petition of Catharine Robinson, praying for reasons therein set forth, that letters of administration be issued to herself.

It is ordered that on the 6th day of July A. D. 1863 at 10 o'clock in the forenoon of said day, at the office of the Judge of Probate in Chaska, in said county, he be used at the time for the hearing of said petition and all persons interested in said estate, are requested then and there to appear and show cause if any there be, why said petition should not be granted.

And it is further ordered that said petitioners give notice to all persons interested in said estate, of the purpose of said petition, by causing a copy of this order to be published in the "Valley Herald," a weekly newspaper published in said county, for three successive weeks previous to the day of hearing.

Dated Chaska, June 9th, A. D. 1863.

FRANK WARNER,

Judge of Probate.

STATE OF MINNESOTA, County of Carver, IN PROBATE COURT.

At a special term of the Probate Court held in and for the county of Carver, on the 13th of August, A. D. 1863. In the matter of the estate of Carl Steger, deceased.

On reading and filing the petition of Michael Dieckelm, praying for reasons therein set forth that the last Will and Testamen-

of Carl Steger deceased, late of said county, be admitted to Probate and that letters testamentary issue to himself.

MERCHANT'S HOTEL.

LOCAL ITEMS.

THE PUBLIC SCHOOL.—The time is near at hand, when some action should be taken in regard to the establishment of a first rate school for the coming winter. We do not remember in the history of this town, that more than three consecutive months of school has ever been kept winter or summer. The fact that so little interest is felt in the instruction of the young by our people, is anything but a favorable recommendation to Chaska. We are in need of more public interest in regard to schools, which will guarantee the place at least nine months of school in the year. Children of both sexes are seen by scores traversing the streets up and down with idle curiosity, contracting evil habits, which, were they in the school room, would be wholly avoided. In the common transactions of life, even the pittance of learning to be gathered at a common school, cannot well be dispensed with, and yet it would seem that we had entirely ignored the wants of the coming generation in allowing the education of so many scholars to remain a secondary consideration to every thing else.

There are nearly one hundred scholars in this District, and not less than eighty would be in regular attendance if a school was opened. No one teacher can do justice to such a number of pupils, nor should such a number of scholars be convened in one room. The people of Chaska must rid themselves of the idea that we are in the same condition as that of a country school. We are not sparsely settled as school districts are in the country; hence the great quantity of scholars, and the greater necessity of more school room as well as teachers. We should have one male teacher for scholars most advanced, and the small scholars turned over to a lady teacher who could do them justice, and could be employed for a small consideration.

Those interested in the prosperity and future growth of Chaska, should not lose sight of the most important feature of an orderly, progressive and intelligent village—education.

ALL RIGHT.—We have received information from Minneapolis that the "field notes" of the survey of the Yorkville and Bloomington State Road have been discovered in the office of the Co. Auditor since the meeting of the Board.

They were sent from this office last spring, and we are satisfied they would be found on file, unless some dereliction of duty had taken place at Minneapolis. No error appears in the location of the road, and it now remains to be seen whether Hennepin county will move in its construction voluntarily or through the persuasive influence of the courts. Carver county has already expended nearly \$1,500 toward its construction, which must be a total loss unless the road is completed.

The great mass of people west and north of Chaska, whose interests are identified with that road, are not to be baited from their purpose by a few residents of Hennepin county, who only oppose the road to gratify the whim of having the public travel make a circuit of four or five miles in order to pass their doors.

COUNTY BONDS.—Messrs. Smith & Gilman of St. Paul have sued the county on some of its court house bonds. An answer has been served by the County Attorney with the assistance of Judge Chaffield, which seems to stagger the prosecution. They propose to compromise by receiving fifty per cent. of the bonds with seven per cent. interest. As the county has never received or realized half of the value of the bonds, such a proposal seems akin to good sense and equity. Upon the rule that "he who seeks equity should do equity," it would not be amiss for the county Board to accept the proposal and issue new bonds for that amount. As the case stands now the county have received but a skeleton of a court house, worth perhaps \$5,000, as an equivalent for bonds issued, together with interest accrued, to the amount of \$21,900.

PERSONAL.—Mr. Charles Gebhard, a late Sergeant in Co. D, 5th Regt., who has lately been honorably discharged on account of physical disability, requests the publication of the following certificate concerning his conduct during the Indian siege of Fort Abercrombie last season. It seems that certain ill-meaning persons have circulated a report prejudicial to Mr. Gebhard's fair name as a skillful and brave soldier.—The certificate below, given by our fellow townsman Capt. T. D. Smith, is a sufficient rebuke to those inclined to vilify their neighbors:

I hereby certify that Sergt. Charles Gebhard, of Co. D, 5th Reg. M. V., was stationed at Fort Abercrombie during the month of August and September, A. D. 1852, while the fort was besieged by the Sioux Indians. Being engaged in assisting in the defence of the Post, my attention was directed to him among other brave associates.—During that long, trying siege, Sergt. Gebhard was in charge of a howitzer, which he served with great precision, showing himself to be an excellent artillerist, a brave soldier possessing a

gallant bearing, and always ready to perform his duty under trying circumstances.

T. D. SMITH,
Capt. A. Q. M. U. S. V.

CARVER COUNTY FRUIT.—We have been shown by J. A. Sargent, Esq., a specimen of apples grown by his uncle, Mr. Horace Bryant, of Carver Township. It was an early winter variety, of more than average size, free from the slightest blemish, and apparently of very fine flavor. Of a number of trees planted by Mr. Bryant, one has borne fruit for the first time, this year. The only means of knowing how many apples the tree produced, is the statement that there were enough so that each relative of the family would be presented with one. We should say it had done admirably well for the first season.

It is a fact sufficiently demonstrated that apples will grow in Carver county, and so confident of success are our citizens that many have ordered trees for fall delivery. The advantage of embarking early in the fruit business cannot be too highly appreciated.

SALE OF SCHOOL LANDS.—By reference to another column it will be seen that another sale of school lands will take place in Chaska on the 25th of November next, at 2 o'clock P. M.

Those now residing on such land, and others desiring to purchase, will do themselves a favor by reading over the list, to see what particular tracts will come into market. Only 15 per cent. need be paid in advance, and that amount together with the interest on the deferred payments for one year, must be paid in "green bay" at the day of sale.

STILES.—It seems that Carver county is to contribute of her resources in the construction of the Red Road bridge at Fort Snelling. Several teams are daily hauling to the river side spiles varying in length from 25 to 35 feet.

We understand that several parties are engaged in this business, and the ease with which this article can be supplied will probably enable the contractors to realize a good profit. The spiles will be made into a raft and floated to their place of destination.

WEATHER.—On Wednesday last it rained; a fact worthy of note. But the moisture did not extend far into the ground nor the shower far East, as from the Frenchman's to St. Paul the roads are as dry as the driest. A good effect is produced upon the winter wheat in this vicinity, which is growing finely since the rain; so that even small favors are thankfully received.

STILL ANOTHER.—A small frame building is in process of erection on a lot East of Mr. Gregg's residence. The man who rings the Catholic Church bell is the owner.

DISTRICT COURT.—The following is the list of Grand and Petit Jurors, selected to serve at the next session of the District Court in Carver county. They will therefore "laying aside all business and exec'res" repair to the Court House on the 19th inst., and abide the order of the court.

PETIT JURORS.

Matthias Zimmer, Joseph Baier, Henry Fabel, George Gitter, Chris Hebeisen, John W. Gregg, Thomas Cunningham, James H. Reese, Peter Weege, Warren DuPey, John Hendrick, Michael Matthe, John D. Seine, Theodore Best, Valentine Landgraff, GRAND JURORS.

Alanzo Brown, Ben F. Light, Gustave Prezel, Louis Wolf, William Schewe, Henry Carlson, S. B. Fowler, James Murray, Peter Munson, Ed. Burnam, Ernst Heyd, Milton Jadhun, William Baker, Henry Gedden, Enezer Gray.

WORTH CONSIDERING.—Good diet makes healthy children and healthy adults. Good Saleratus helps to make nutritious, healthy diet. Hence use DeLand & Co.'s Chemical Saleratus, as it is perfectly pure and better than Soda for all purposes.

FROM ROSECRANS' ARMY.

Cincinnati, Sep. 3.—The Gazette says official dispatches received from Rosecrans last night, dated yesterday P. M., report the situation unchanged.—Our army held a strong defensive position and no attempt has been made by the enemy to disturb us.

SHERIFF'S SALE.

BY VIRTUE of an execution issued out of and under the seal of the District Court of the 4th Judicial District, in and for the County of Carver and State of Minnesota, upon a judgment rendered on the Sixth day of May, A. D. 1859, for the sum of Five hundred and eighteen dollars and twenty cents, in an action wherein J. Anton Keller is Plaintiff and Frederick Oberle and Julius Wagner Defendants. I have on the 16th day of September A. D. 1863, levied upon the following described lands as the real property of the said Frederick Oberle, to wit: The west half of the southwest quarter of section No. thirty-four (34) township No. one hundred and sixteen (116) range No. twenty-four (24) containing eighty acres.

Notice is hereby given that I will sell the above described real property to the highest bidder thereafter for cash at the front door of the Sheriff's office in Chaska in said County, on the Second day of November, A. D. 1863, at the hour of 10 o'clock in the forenoon, to satisfy the said execution and the interest and costs thereon.

Chaska, Carver Co. Sept. 17th, 1863.

A NEW and singularly successful remedy for the
cure of all Bilious diseases—Costiveness, Indi-
gestion, Jaundice, Dropsey, Rheumatism, Fever-
Gout, Humors, Nervousness, Irritability, Inflammation,
Headache, Paroxysms, Bright's Disease, Back,
and other Complaints, &c. &c. Indeed,
few are the diseases in which a Purgative Medi-
cine is not more or less required, and many others
that suffering might be prevented if a harm-
less but effectual Cure were freely used.

No person need fear to use it, while a costive habit

besides it soon generates serious and

often fatal diseases, which might have been avoided

by the timely and judicious use of a simple medicine.

This is alike of use to Children, to the aged, to

the infirm, and to those who are in perfect health.

It all tends to become or reduce the deep seated and formidable distempers

which load the hearts all over the land. Hence

the reliable family physician is of the first importance to the public health.

It has been recommended by Physicians, Profes-

sors, and Patients, who have shown results surprising

to all who have heard of its effects.

The reapers were busy on the upland

meadows that sloped toward the sun, the

air was full of vanilla odors of new-mown

hay, and the old brown robin, whose

nest was in the maple boughs overhang-

ing the Cliffside House, was carolling

its very heart out in liquid rivulets of

song. Every created thing seemed

drinking in the full glory of the sum-

mer morning, and reveling in the more

fact of existence.

that I consulted you on the subject—

Indeed, Georgia, my love for your cou-

sin is the one absorbing passion of my

life. I have watched her grow from

the fair little girl into the beautiful wo-

mán, with an ever strengthening devo-

tion, and now— Well, I won't be

sentimental, that is if I can help it," he

added, trying to smile; "but of one

thing, I am assured—it Kitty refutes

me, life will not be worth having!"

Come let us return to the house. I

will seek her at once and decide my

future."

As their footsteps died away, the little

captive damsel among the branches hid

her burning face among the leaves and

began to cry again. But they were hap-

py tears—oh such blissful tears. *

"Then you do really love me?

Kitty Cliff was standing just where

the sunset turned her chestnut curlicue

gold, in dainty robes of white muslin

gathered at the waist, with broad blue rib-

bons. She had never looked fairer, nor

more mischievous. A sense of power

had made a woman dangerous.

"Give you, Kitty, it—"

"There, there, don't be sentimental if

you can help it," laughed Kitty. "If I

refuse you, life won't be worth having,

and so—I will not refuse you!"

"Kitty!" ejaculated the perplexed

boy, "you heard me this morning—

Where were you?"

"Never mind!" said Kitty slyly.

And as soon as she could escape from

Seymour Oleott's detaining hand, she

ran up stairs to nestle her cheek against

Georgia's shoulder and whisper to her

as a very great secret, "that she was to

be married in the fall."

Mr. Oleott never knew whether Ha-

madryds in the wood or the Robins in

the tree carried his secrets to Kitty, but

she will tell him the truth, perhaps,

after they are married.

OUR PAPER.

For two weeks past, owing to the indisposition of our printer and the impossibility of supplying his place, we have been compelled to limit our issue to an extra containing legal and other notices, and such matters as was already in type.

This week we are enabled to issue a full sheet, but not quite the usual amount of reading matter. In proportion to our increasing strength, will give the usual amount of reading matter be reached. We feel satisfied that under the circumstances we have the indulgence of our subscribers.

THE DRAFT.

The first order of the War Department fixed upon the 25th inst. as the time for the draft to fill our quota, but the time has again been changed and is set for the 9th of November. The postponement was accomplished through the efforts of our Governor for the purpose of enabling the State to fill her quota by voluntary enlistments. One cavalry regiment only is ordered, and that will be stationed upon our frontier. Persons desiring to enter the service will do well to read General Order No. 73, of Adjutant General Maluros, which will be found in another column. Carver county must send 42 able-bodied men, either voluntarily or through process of conscription.

DON'T FORGET HIM AT THE POLLS.

Our Democratic friends as well as all others will recollect, that one Ephraim Pittman was committed a year ago last winter on the charge of stealing the team of Ernst Poppitz, of Laketown, and sent to the St. Paul Jail. That an attorney of that place caused a writ of *habeas corpus* to be issued in order to let Pittman to bail. That he was admitted to bail in the sum of five hundred dollars, he placing in the hands of his lawyer that amount of money, and the lawyer goes his bail and pockets the money.

The law requires that if the criminal does not appear at Court as required in the bail bond, the party who gives bond for his appearance shall pay that amount into the treasury of the county. Mr. Pittman never appeared, and his bail was forfeited, and his lawyer, who was his bondsman, should have paid the money which was lodged with him by Pittman, into the treasury of Carver county.

This has never been done, but J. A. Sargent, Esq., our County Attorney, has brought suit against him for the amount and obtained judgment, which is as good as "last year's snow," and no better. The truth plainly told is, that this lawyer has swindled Carver county out of five hundred dollars with the coolness of a highway robber.

His name is W. H. Grant, and is the candidate for Attorney General on the Democratic State ticket. He made his appearance in town this week, and by way of electioneering, spent his money thus fraudulently obtained, quite lavishly at the beer saloons. Perhaps he considers himself more competent to disburse the money of our citizens for their benefit than they are themselves, and that they have "no rights which he is bound to respect," but as an indulgent guardian and kind provider he has concluded to give his wards an extra glass of lager all round.

He says he will pay when the law compels him; which is equivalent to saying that he will never pay unless the term of the law is able to wrest it from his unwilling hands. His language is, "I've got the money, get it if you can," and yet he has the impudence to tell the people of Carver county to cast their votes to place him in a high office of trust. You might as well vote for a professed black-leg, or even for the thief Pittman, who, we all know, stole the team of our neighbor Poppitz, as to support for office such a finished specimen of unblushing meanness and rascality as is encased in the moving carcass of W. H. Grant. The people of Carver will bow him an ungracious farewell at the pools on the 3d of November next.

BEWARE OF SPURIOUS TICKETS.—A certain man from Wright county, by the name of Widstrand, is peddling tickets purporting to be Republican tickets. He has a mixture of candidates, and some he has left off entirely. Our candidate Letford, and the regular nominee of Wright county for the Legislature are both dropped. The regular nominees elected at the convention are W. G. Butler, J. S. Letford, Henry Hill.

Don't pay any attention to Widstrand or any other stranger. If you want any information, ask your friends at home.

LETTER FROM FRED. DUTOIT.

GLENDALE, Miss., Oct. 12, 1863.

MR. EDITOR: As a change has been made, both in the locality of our Division and number of the same, I will give your readers a short sketch of both.

In Gen. Grant's brilliant campaign last spring, the 4th regiment was in the 1st Brigade, 7th Division, 17th Army Corps. A late order places us in the 2d Division of the same corps, and temporarily attached to the 15th Corps, Sherman's, which is now opening the Rail Road between Memphis and Chattanooga for army use, and to facilitate the movements of troops and supplies for the relief of "Old Rosey."

We are now camped at Glendale, a station ten miles southeast of Corinth. The road is now in running order as far as Burnsville, ten miles from here. Gen. Forrest's famous cavalry has made its appearance in this vicinity, and has made several attempts to sever communication between here and Memphis, but has failed in every attempt with severe loss.

The loyal Alabamians have organized

a regiment of cavalry, which are doing good service in cleaning out conscript hunters and guerrillas. There is a strong Union feeling in this vicinity.

It is rumored that Gen. Sanborn will be assigned to the command of his old Brigade. It is the wish of all that he may, as he is "the favorite."

Should anything turn up worthy of note, I will let you know.

TO THE JUDGES OF ELECTION.

The soldiers' votes are beginning to reach the different post-offices in the State. Judges of Election should bear in mind their duty in the premises. For their information we quote the latter portion of section 4 of the law which is as follows:

"It shall be the duty of the Judges of Election in each Election District on the day next preceding such election, to make diligent inquiries at each post-office, in such district or to which letters are usually directed for such district, for any mail matter which may be directed to them as such Judges of Election and receive the same."

The Judges are required to receive the soldiers' votes on the oath taken before the Commissioners, whether their names stand registered or not.—*Press.*

GENERAL HEADQUARTERS, STATE OF MINNESOTA.

ADJUTANT GENERAL'S OFFICE
ST. PAUL, Minn., Oct. 12, 1863.
[GENERAL ORDERS NO. 73.]

Authority having been obtained from the War Department to organize a regiment of cavalry to take the place of the 1st Regiment Mounted Rangers, whose term of enlistment will soon expire, to serve for three years or during the war, the Commander-in-Chief of the military forces of the State, confident that our citizens will not prove second in devotion to the country to those of any other State, and will perceive necessity of sufficiently protecting our people against the savages who have spread death and desolation over our frontier settlements, hereby directs the organization of a regiment of cavalry, to be designated as "The First Regiment of Cavalry Minnesota Volunteers," to serve for the period above named.

All men recruited for this regiment before the commencement of the draft now ordered, will be credited to the State on that draft.

An early organization of the regiment being necessary, it is recommended that the several counties form at once military committees for the purpose of encouraging enlistments and assisting in the immediate organization of the regiment.

The regiment will be organized as follows:

TWELVE COMPANIES OF TROOPS.

1 Colonel,
1 Lieutenant Colonel,
3 Majors,
1 Surgeon,
2 Assistant Surgeons,
1 Regimental Adjutant (an extra Lieut.)
1 Regimental Q. M. (an extra Lieut.)
1 Reg'tl' Commissary (an extra Lieut.)

1 Chaplain,
1 Veterinary Surgeon,
1 Sergeant Major,
1 Quartermaster Sergeant,
1 Commissary Sergeant,
2 Hospital Stewards,
1 Saddler Sergeant,
1 Chief Trumpeter.

COMPANY OR TROOP OF CAVALRY.

1 Captain,
1 First Lieutenant,
1 Second Lieutenant,
1 First Sergeant,
1 Quartermaster Sergeant,
1 Commissary Sergeant,
5 Sergeants,
8 Corporals,
2 Trumpeters,
2 Farriers or Blacksmiths,
1 Saddler,
1 Waggoner, and
60 Privates—minimum,
78 Privates—maximum.

All companies and parts of companies raised under this order will report at Fort Snelling, Minnesota.

Subistence and lodging of recruits from the time of their enlistment and prior to their muster into service, will be paid for by the General Government, at a rate not exceeding forty cents per day.

Necessary transportation of recruits will be paid for at the current rates of stage and steamboat fare.

One Second Lieutenant for each company in said regiment, will be appointed and mustered into the United States service, who shall have authority to muster in recruits as they are enlisted.

If any recruits shall be enlisted by such officer, who shall afterwards on medical inspection prove to have been obviously unfit for the service at the time of his enlistment, all expenses caused thereby shall be paid by such officer, to be stopped against him from any payment that may be coming to him from the government thereafter. Any officer thus appointed and mustered shall only be entitled to be paid on the muster and pay roll of his company, and should he fail to secure an organized company within

such reasonable time as may be specified in his letters of appointment, his men may be transferred to some other company, his appointment may be revoked and be discharged without pay; unless it should be deemed proper to give him a position in the consolidated company to which his men have been transferred; articles of enlistment, as in the regular army, will be made out in triplicate by such recruiting officers, one copy of which will be sent to the Adjutant General of the State, one to the Adjutant of the regiment, and one will be kept by the recruiting officer.

Recruits will be sent to the regimental rendezvous at Fort Snelling, at least as often as once a week, when they will be immediately examined by the Surgeon of the regiment or the Post Surgeon, and if found unfit for duty by reason of permanent disability, will be discharged from service forthwith by the Surgeon, who will report such discharges to the Adjutant General of the State and also to the Adjutant of the regiment, noting particularly those cases where the disability was obvious at the time of enlistment.

The muster-rolls of each company will be made out by the Adjutant of the regiment from a list to be furnished by the Adjutant General of the State, together with the articles of enlistment furnished him by the recruiting officer, and will note upon it the names of all persons discharged by the Surgeon for permanent disability, designating particularly those cases where the disability was apparent at the time of enlistment.

Recruiting officers appointed and commissioned under these orders, are hereby ordered to forward to these headquarters, at least once a week, the articles of enlistment of the men recruited by them during the preceding week.

The commissions of officers who fail to comply strictly with these orders will be immediately revoked.

A premium of two dollars will be paid by the United States for each accepted recruit who volunteers for said regiment.

There will be paid also in advance, besides one month's pay to each recruit, the sum of twenty-five dollars, being one fourth of the amount of bounty allowed by law, and payment to be made upon the muster-roll of each company, to which such recruits belong, into the service of the United States.

By order of the Commander-in-Chief.

OSCAR MALMROS,
Adjutant General

AYER'S PILLS,

A new and singularly successful remedy for the
cure of all bilious diseases—Costiveness, Indi-
gestion, Jaundice, Dropsy, Rheumatism, Fever,
Faints, Nervousness, Irritability, Infatu-
ation, Headache, Pains in the Heart, Side, Back,
and Limbs, Skin Complaints, &c., &c. Indeed,
we are the dispensers in which a Purgative Medi-
cine is not more or less required, and much sick-
ness is suffering might be prevented if a knowl-
edge of it were general. Gathering of the mind
and spirit, besides it soon generates serous and
often fatal diseases, which might have been avoided
by the timely and judicious use of a good purgative.
This is often the case of Cold, Fever, & symptoms, and
is often the case of all who are too heavy, or
reduce the digesting and formidable distempers
which lead the fevers all over the land. Hence a
reliable family physic is of the first importance to
the public health, and this Pill has perfectly
and successfully relieved many cases of the
most violent attacks of Physicians, Profes-
sors, and Patients, has shown results surpassing
any thing hitherto known of any medicine. Cures
have been effected beyond belief, and the
remedy has been in every exalted position and
highly recommended by persons of the highest
character. Among the many eminent gentlemen who have
tested in favor of these Pills, we may mention

Dr. A. A. HAYES, Analyst, Chemist, of Boston,
and State Attorney, Massachusetts, whose high
professional character is endorsed by the

Rev. EDWARD EVERETT, Senator of the U. S.

ROBERT C. WINSTON, Ex-Speaker of the House
of Representatives.

ADM. J. LAWRENCE, Minister Plen. to England

ADM. J. D. COOPER, Captain, U.S. Ship of Boston

ADM. J. R. CHOLTON, Practiced Physician, of

New York City, endorsed by

HON. W. J. MARCY, Secretary of State.

W. J. ADAMS, Actor, the richest man in America.

W. L. COOKE, Prop. of the Metropolitan

Hotel, and others.

If space permit, we could give many hundred certificates
from all parts where the Pills have been used, but even more convincing than
these are the effects of eminent public men is found in
their effects upon trial.

These Pills, the result of long investigation and

study, are offered to the public, in the most
simple and direct manner, and the present method of
compounding them, by the medicinal virtues obtained
only of Vegetable remedies, reduced by chemical
process in a state of purity, and compounded together
in such a manner that they are the best results. This
system of composition for nervous diseases has been found
in the Cherry Pectoral and Pills both, to produce a
more efficient remedy than had hitherto been ob-
tained by any process. The result is perfectly ob-
vious. While the old mode of preparing medicine
is to mix all the ingredients, and then compound them
of each substance, and then mix them together,
this is quite the reverse. Hence the best results. This

WAR SUMMARY.

The news for the week is hardly noteworthy, excepting perhaps, the removal of Gen. Rosecrans from the Army of the Cumberland. Gen. Thomas is his immediate successor, while Gen. Grant takes the general command of the whole Department.

The reasons for the removal of Rosecrans seem to be that his conduct at Chattanooga was unmilitary and cowardly; that while he should have been at the battle ground encouraging his men, he fled to Chattanooga and reported to officers there that the day was lost.

That he has injured his usefulness by the excessive use of opium, and further that for some time he has been somewhat in conflict with the authorities at Washington, and disobeyed orders from headquarters. He has returned to Cincinnati, where at his arrival a welcome reception awaited him.

At Charleston the batteries of Gen. Gilmore are still in process of erection, and it is expected that he will soon be able to open upon the city. It is reported that Commodore Farragut is to supersede Dahlgreen in the command of the naval forces at that place. The city authorities are willing to surrender in order to save the place from ruins, but Beauregard persists in its destruction, rather than surrender.

From the Army of the Potomac there is nothing of great interest. Cavalry skirmishes are frequent, but effect nothing except to feel the whereabouts of the enemy. The army is as usual quietly encamped watching the enemy. A few days since it was thought a general engagement would be brought on, but as there is "many a slip 'twix the cup and the lip" they were not engaged.

The draft is quietly progressing in Michigan. The last call for 300,000 troops will be filed by draft on the 5th of January, 1864, unless they can be obtained by voluntary enlistments before that time.

LOOK OUT FOR SPURIOUS TICKETS.

Last week we mentioned that a man from Wright county, was in our midst peddling tickets made up of candidates from both the Union as well as Democratic nominees, and of himself for the Legislature. The people of neither the

Republican or Democratic parties have nominated him for that office, but he is possessed with a wild fancy that he is the man to represent this District, and has therefore nominated himself independent of the regular candidates nominated at the District Convention. He pretends to be a Republican, while at the same time he is laboring zealously to weaken the party vote by seeking the suffrages of those whose votes are necessary to the triumph of the Union ticket. Voters will bear in mind that "united we stand, divided we fall."

As we said last week, the regular nominee from Wright county is W. G. Butler, and it is he against whom this man Widstrand is directing his efforts. The Republican voters of this county will also bear in mind that it is the Republican majority of that county which elects Carver county men to the Legislature, and if we expect their aid we must in turn support their candidates and discourage any man, who, from personal antipathy, or because he fails to secure the regular nomination seeks to sacrifice the whole party of which he professes to be a member. We would

cheerfully vote for Mr. Widstrand, had

the people of Wright county nominated him, but in the District Convention,

the whole delegation from that county were unanimous for Mr. Butler. Mr.

Widstrand is a Swede, and for that reason

asks the Swedes of our county to

vote for him. If he should be elected (no fear, however,) he will represent

the interest of Wright county and therefore will not benefit the Swedes living in this county. Why then vote for him? There are very few Swedes living in Wright county, and for that reason no such nationality was nominated. Not one Swede man from that county has to our knowledge interested himself in favor of Widstrand. Let those having knowledge of these facts see to it at the polls that no such ticket is voted.

FROM CHATTANOOGA.

Chattanooga, Oct. 27, via }
Nashville, Oct. 28. }

[Special to *Times*.]—Reliable intelligence has been received of the movement of a portion of Bragg's Army under Longstreet up the valley of the Tennessee River, with the intention of operating against Burnside.

It is also believed here that a corps of Lee's Army, under Ewell, is moving into East Tennessee, by way of Lynchburg, for the same purpose.

New York, Oct. 29.

A Chattanooga letter to the *Herald* says deserters continue to come into our lines notwithstanding the extraordinary measures taken by Bragg to prevent them. Nine men and a commissioned officer, Tennesseans, came in yesterday. The officer, who is intelligent and apparently honest, tells a tale which is cheering and inspiring to all good Union men, and which corroborates previous information. He says a full brigade of Tennessee troops, with their General at their head, attempted to come thro' to our lines in a body one day last week.

A fight of the most sanguine character ensued in which artillery, musketry and bayonets were used from 3 to 4 hours, resulting in the overpowering of the dismounted Tennesseans, after some 800 men had been slaughtered on both sides. The sound of the cannon were heard in our lines at the time but none could explain the meaning of the brisk fire so close to the enemy's rear.

The officer says the matter was hushed,

and has since been kept so quiet

that the extremes of Bragg's army know nothing definite about it.

Bragg's difficulty with his Tennessee

and Georgia troops is perhaps an explanation of his delay in attacking the place.

Maj. Gen. Gordon Granger takes

command of the 4th corps to-day.

Thomas and Granger, who are now universally acknowledged the sinews of the army, are each to have a splendid corps.

Three divisions in each, with able

commanders at their head. Brigades

will probably be composed of not less

than 9 regiments each, in fact the whole

machinery of the army when organized, will be less complicated and more effective.

The health of the army, notwithstanding the recent hardships it has experienced, is very good. A large field hospital has been established in a lovely valley, two miles from the town, north of the river and the sick receive the best of care and food.

ORDER RELIEVING ROSECRANS.

GENERAL ORDERS, NO. 337.

WAR DEP'T ADJT GEN'S OFFICE,

WASHINGTON, Oct. 16, 1863.

By direction of the President of the United States, the Departments of Ohio, of the Cumberland, and of the Tennessee will constitute the military division of the Mississippi. Major General U. S. Grant, United States Army, is placed in command of the military division of the Mississippi, with his headquarters

Major General W. S. Rosecrans, U. S. Volunteers, is relieved from the command of the Department and Army of the Cumberland. Major General G. H. Thomas is hereby assigned to that command.

By order of the Secretary of War,
E. D. TOWNSEND, A. A. G.

Adjutant General Malmros has received a dispatch from Gov. Swift, at Washington, stating that our quota is over thirteen hundred, and urging the organization of the cavalry regiment before the 9th of November.

According to the figures originally sent, our quota was 1,495 and we should infer from the Governor's dispatch that he had not found any material error in the first calculation. We may as well calculate that if the thirteen hundred are not forthcoming, the draft will proceed.

The *Toronto Globe* in speaking of the President's last call for "three hundred thousand more" men, says that time has proved that all the earnestness and determination of purpose is not on the side of the rebels; that there are no indications to warrant the belief that the war will soon close on account of the refusal of the Northern people to supply the necessary means for its prosecution, but that the Government will be sustained in every effort to suppress the rebellion. It is not for the want of means that the Administration of Mr. Lincoln will break down. The writer speaks encouragingly and favorably of the cause of the North.

It is said that Grant's new command will be twice as large as that of Meade's and many times larger than that of any other General.

A Democratic editor in Nevada Territory says of the defeat of his party in that city: "We met the enemy yesterday, and are out on parole this morning."

AYER'S PILLS,

NEW and singularly successful remedy for the

cure of all Bilious diseases—Colds, Catarrh, Fevers

Gastritis, Jaundice, Drowsy, Irritability, Inflammation,

Hæmorrhage, Pain in the Breast, Side, Back

and Legs, Facial Complaints, &c. &c. Indeed,

very few are the diseases in which this

medicine is not more or less remedial, and much sick-

ness and suffering may be prevented; if a harm-

less and effectual Cathartie were more freely used,

No person can feel well while a certain habit of

body prevails; besides it soon gets into the system

and becomes a curse.

For the cure of a cold, purgative.

This is alike true of Colds, Feverish symptoms, and

Bilious derangements. All they tend to become ex-

posed the deep seated and firmly fixed disease.

which had the nearest approach to health. Hence a

reliable physician is of the first importance to the

public health, and this Pill has been perfected

with consummate skill to meet that demand.

An extensive trial of its virtues by Physicians, Profes-

sors, and Patients, has shown it to be a safe and sur-

ing remedy for many maladies.

Cures have been effected beyond belief; were they not sub-

stantiated by persons of such exalted position and

character as to furnish the suspicion of intention.

Among the cases of those who have

tested the efficacy of these Pills, we may mention:

Dr. A. A. HAYNS, Analytical Chemist, of Boston,

and State Assessor of Massachusetts, whose high

professional character is well known.

Dr. J. R. COOPER, Surgeon of the U. S.

Army, and Physician-Surgeon of the House of

Representatives.

Mr. J. LAWRENCE, Minister Plen. to England

Mr. J. E. FITZPATRICK, Cath. Chaplain of Boston

Alas. Dr. J. R. COOPER, Practiced Chemist, of

New York, and C. L. MURRAY, Secretary of State.

Mr. W. J. MACEY, Secretary of State.

Mr. L. A. STODDARD, Minister Plen. to England
